Message from the Chief of Police,

On behalf of the Strongsville Police Department (SPD), it is my honor to submit the 2021 Annual Report. The past year was another action-packed and eventful year. In addition to delivering the best possible services to our community, we did so while operating in an environment that included the continuing pandemic.

Throughout the year, quality service, professionalism, integrity, and compassion were the traits displayed by the personnel of the SPD.

Some highlights from 2021 include being selected as "Ohio's Best Agency of the Month for December 2021" by the Ohio Association of Chiefs of Police. This award reflects the outstanding achievements of our men and women in the Strongsville Police Department, including its support services, the South West Emergency Dispatch Center (SWEDC), and our Corrections Officers.

Additionally, the Strongsville Police Department is proud to announce achieving Full Compliance on Ohio Collaborative Law Enforcement Agency Certification status. This multidisciplinary group establishes statewide standards for law enforcement agencies.

On October 21, 2021, the SPD received recertification in compliance with the Ohio Collaborative. The compliance process involves the review of documentation by an Ohio Collaborative assessor for each agency to prove it is complying with standards on an annual basis. The SPD is recognized as fully compliant with the standards set forth by the Ohio Collaborative Community Police Advisory Board.

Your Police Department is committed to maintaining compliance with current and future standards to ensure we provide the best possible service to our community.

The 2021 Annual Report outlines many of our programs and outstanding accomplishments. I hope the hard work of our men and women will become evident to all of you.

The members of the Strongsville Police Department genuinely appreciate the trust and support from our Mayor, Tom Perciak, City Council, city staff, and members of the community. In return, we pledge to continue delivering professional, quality service to you, our citizens.

Respectfully submitted,
Mark Fender
Chief of Police

Full Compliance on Ohio Collaborative LE Certification Announcement

The Strongsville Police Department is proud to announce achieving Full Compliance on Ohio Collaborative Law Enforcement Agency Certification status. This multidisciplinary group establishes statewide standards for law enforcement agencies. The compliance process involves the review of documentation by an Ohio Collaborative assessor for each agency to prove it is complying with standards on an annual basis. The Strongsville Police Department is recognized as fully compliant with the standards set forth by the Ohio Collaborative Community-Police Advisory Board.

At the end of 2016, our department began the process of achieving compliance with the standards of the newly created Ohio Collaborative Community-Police Advisory Board. In 2017, the department achieved compliance and was issued certification in the first round of standards that govern Use of Force, Recruiting, and Hiring. In subsequent years the Collaborative added additional standards covering Community Engagement, Body-worn Cameras, Telecommunicator Training, Bias-Free Policing, Investigation of Employee Misconduct, and Motor Vehicle Pursuits. Standards were recently added this year which include Response to Mass Protests/Demonstrations and Agency Wellness. The Strongsville Police Department is committed to maintaining compliance with current and future standards to ensure that we provide the best possible service to our community.

Organizational Integrity

The Strongsville Police Department works hard to maintain organizational integrity through an internal review process. It is an internal system where objectivity, fairness and justice are ensured by intensive and impartial investigation and review of the actions of departmental employees. Its purpose is to clear the innocent, establish guilt of wrongdoers and facilitate prompt, fair and consistent disciplinary action. The Strongsville Police Department will investigate all complaints, alleged or suspected (signed or anonymous) made against the department or its employees. In addition, the following is a summary of the various internal quality control checks completed in 2021.

Patrol Zones

The city is divided into 9 separate zone assignments for police coverage. Patrol officers on each shift are assigned a permanent zone at the beginning of each year to ensure they are not only familiar with the businesses, schools and traffic issues, but also are more likely to notice something out of the ordinary.

In addition, officers on permanent zone assignments get to know the business owners and residents, which enhances our relationship with the community. Depending on the call volume or type of call, officers backup other officers in other zones to better serve the needs of the community.

SouthPark Mall, a regional shopping mall, has its own zone due to the high volume of traffic and calls for service concentrated in a small area near the interstate.

Traffic Bureau

The primary function of the Traffic Bureau is to address traffic concerns before they become dangerous problems.

Major responsibilities of the traffic bureau include:

- Meeting with community business owners, residents and others to identify and address community traffic issues.
- Providing technical assistance relating to traffic crash investigations or reconstruction
- Coordinating, deploying and maintaining traffic enforcement trailers and speed survey devices; gathering data and providing reports.
- Providing escorts and directing traffic at special events, parades, funerals, football games, etc.
- Working with the Engineering Departments in an effort to minimize traffic congestion and correct hazardous situations, such as those that occur during road construction.

In 2021, the Traffic Bureau:

- Deployed the speed trailer 52 times
- Conducted 5 traffic studies
- Installed 25 car seats

Target enforcement
is generated through citizen complaints,
crash analysis review and data review.

K-9 Teams

The Strongsville Police Department's K-9 teams are valuable law enforcement tools that improve the operating efficiency and effectiveness of the patrol division. These canines are registered with the Cuyahoga County Auditor's Office and are certified by the Ohio Peace Officer Training Academy as both Police Service Canines and Narcotics Detection Canines.

K9 Chase

Handler: Ptl. Bryan Kadlec

Chase is a dual-purpose police service dog trained in narcotics detection and the patrol areas of obedience, agility, tracking, evidence search, area/building searches and handler protection.

K-9 Team Duties Include:

- narcotics detection
- tracking wanted or lost people
- article searches
- building searches
- criminal apprehension
- lectures/demonstrations for many groups such as civic organizations and school functions.

K9 Storm

Handler: Ptl. Jason Miller

Storm is a dual-purpose police service dog and has been trained in narcotics detection, obedience, tracking, article search, handler protection and suspect apprehension.

The Strongsville Police Department's K-9 unit started in 1995. Our canine teams are valuable law enforcement tools that improve the operating efficiency and effectiveness of the patrol division.

Drug Recognition Expert

A Drug Recognition Expert (DRE) or Drug Recognition Evaluator (DRE) is a law enforcement officer highly trained to recognize impairment in drivers under the influence of drugs other than, or in addition to, alcohol. The DRE focuses on the detection, apprehension and adjudication of drug-impaired drivers.

Drug Recognition Expert - 2021

- The Strongsville Police Department had a total of 167 OVI arrests in 2021.
- Of the 167 OVI arrests, 11 were drugged driving arrests, which is about 7% of the total.
- Of the 167 OVI arrests, Sgt. Jeff Steving had 33 of them (19%), and Officer Alex Kurowski had 26 of them (15%).
- Officer Steving performed 6 DRE evaluations in 2021.

The Strongsville Police Department has one DRE, Sgt. Jeff Steving. Due to the difficulty to obtain and maintain the status of a Drug Recognition Expert, Sgt. Steving is one of the few DREs in the Northeast Ohio area; therefore, his skills are shared outside the City of Strongsville as needed by other police departments. To maintain his certification, Sgt. Steving attended a DRE recertification class in Columbus and also attended the DRE national conference (Drugs, Alcohol, and Impaired Driving Conference) in Orlando where he attended 8 blocks of training.

Detective Bureau

Uniformed patrol officers investigate reported offenses to the fullest extent practical. However, detectives will conduct secondary investigations when additional time or expertise is required. Each day, the detective supervisor conducts daily electronic reviews of all CAD activities and case reports. Based on case screening and solvability factors (that indicate the offense may be solved with a reasonable amount of investigative effort), the detective supervisor determines which will be assigned for additional follow-up.

- All case reports are reviewed by the detective bureau for completeness and for assignment.
- It is the goal of the detective bureau to investigate all cases reported to the department and use available resources in the most efficient manner.
- In 2021, 395 cases were assigned to detectives based on seriousness of the offense, solvability factors, need for further investigation and/or court preparation.

How are cases assigned to a Detective?

Southwest Emergency Dispatch Center (SWEDC)

The Southwest Emergency Dispatch Center (SWEDC) is the second largest regional emergency dispatch center in Cuyahoga County. Operated by the City of Strongsville, the state-of-the-art center increases efficiency by regionalizing emergency dispatching for police and fire departments for the communities of Berea, Brook Park, Middleburg Hts., North Royalton, Olmsted Falls, Olmsted Township, and Strongsville. The SWEDC is a primary public safety answering point (PSAP). SWEDC answers 9-1-1 calls and administrative phone calls for member communities in addition to providing emergency dispatching services for each member community's Police, Fire and EMS agencies.

SWEDC is staffed with 38 full time telecommunicators and 2 part time telecommunicators. All telecommunicators are required to meet or exceed the minimum training requirements in the pursuit of excellence.

In the beginning of 2021, a new auditing process was put into place to ensure all race and gender information was documented for all traffic stops to comply with the Ohio Collaborative Standards. This process ensured 100% compliance with the standard to safeguard against any biased based policing.

Community Diversion

The Strongsville Community Diversion Program is designed to give juveniles an opportunity to successfully complete a program- specifically tailored to each individual's crime - that would allow the juveniles to maintain a clear record with the Strongsville Police Department. Failure to complete the program results in the juvenile's crime being prosecuted formally in the Cuyahoga County Juvenile Court.

Goal of Diversion:

Offenders gain a greater sense of responsibility to themselves as well as their community.

- Cases are heard by one (1) of nine (9) volunteer Magistrates who act on behalf of the Cuyahoga County Juvenile Court.
- These Magistrates impose sanctions on the juveniles, which must be fulfilled in an appropriate and timely manner.
- In 2021, 21 cases were heard by the volunteer Magistrates, with all successfully completing the program.

Volunteers in Police Service (VIPS)

The Volunteers in Police Service Program, designed to address the increasing demands on state and local law enforcement agencies in the aftermath of the terrorist attacks of September 11, is a locally-driven program that enables community members to offer their time and talents to their local law enforcement agency. In addition, the drone is being utilized in traffic surveys for a real “birds-eye” view of current congestion issues on major city thoroughfares. Finally, Officer Alex Kurowski became the department’s third drone pilot having received his certification from the FAA as a Part-107 licensed drone pilot.

Officer of the Year: Ptl. Mike Mendise, presented in 2021 by Knights of Columbus

On May 25th, Strongsville PD received a call of a distraught female that was planning on jumping off the Boston Rd bridge over I-71. Several SPD officers responded to the scene with Officer Mendise being the first to arrive. Upon arrival, Officer Mendise noticed the female had already climbed over the safety fence, and was standing on a narrow ledge above I-71. Not knowing the reasons the female was so upset, Officer Mendise immediately asked for the family members on scene to step away. Officer Mendise then climbed over the fence, and began to speak to her. Officer Mendise was able to calm the female and assure her that he was there to help.

After a few minutes, Officer Mendise was able to convince the female that harming herself was not the solution to whatever problems she was facing. Officer Mendise then escorted the female off the ledge to safety. Officer Mendise displayed extreme compassion and used his instincts to bring about a successful outcome.

Prosecutors Award: Det. Andy Bartlett

In 2020, Detective Bartlett investigated the tragic death of a child. His lengthy and detailed investigation lasted several months. Detective Bartlett utilized security camera video, witness statements and interviews, even reports by local news channels to help piece together the facts and events of this incident. Detective Bartlett worked with investigators from the County Medical Examiner's Office and Department of Children and Family Services, along with experts in various fields to help lay out the case. Ultimately, he was able to create a timeline that documented the case down to the minute. His detailed documentation painted a clear picture of the circumstances surrounding this tragic case.

More than a year after the incident, Detective Bartlett presented his case to a county grand jury. The case was successfully prosecuted by the Cuyahoga County Prosecutors Office, resulting in a multi-year prison term at sentencing. Detective Bartlett's outstanding investigative work on this case was the driving force behind the successful prosecution.

Blue Collar Award: Sgt. Kelley Sgt. Colegrove Ptl. Feierabend, Plut and Berry:

On September 17 at 11:46am, a resident on Drake Rd. contacted the Strongsville Dispatch Center and said she was watching a burglary in progress, remotely by her home video surveillance system. Strongsville PD units were dispatched, Sgt. Kelley arrived first and entered the property from the backyard. He radioed other units that he could see the burglar inside the home rifling through drawers. Officer Feierabend arrived and positioned himself near the front of the house. He radioed officers he could hear the burglar still inside. Sgt. Colegrove, Officers Plut, and Berry were now on the scene. A coordinated entry was made into the house. Officers immediately confronted the stunned burglar. Although the burglar tried to escape by throwing a laptop at officers and running for the front door, he was quickly taken into custody.

Quality of Service Award: Ptl. Jason Miller & Ptl. Matt Omilion:

On September 27, at 2:07am, Officer Miller was stationary on routine patrol near I71 and SR82. Ofc. Miller observed a vehicle traveling E/B on SR82 nearly strike a pickup truck. Ofc. Miller attempted to stop the car. However, the vehicle did not comply. The car turned south on W. 130th and continued with its reckless behavior, speeding away from Miller. Due to the recklessness of the driver, the vehicle crashed on W. 130th. When Ofc. Miller arrived at the crash site, the car was fully engulfed in flames, and the driver was trapped in the vehicle. Officer Omilion was also on the scene at this time. The officers approached the car and used only fire extinguishers and a pocket knife to free the driver from the burning vehicle. Because of their quick thinking, Miller and Omilion were able to rescue the driver from a likely fatal result.

Quality of Service Award: Ptl. Aaron Plut and Ptl. Matt McKinney:

On June 8, at about 1:00am, SPD responded to a residence in Strongsville. Upon their arrival, officers found the front door wide open. After announcing their presence, McKinney and Plut entered the home. As officers cleared the house, they could hear a faint moaning sound coming from the backyard. Following the sound to the backyard, officers found a teenage male laying in the grass with life-threatening lacerations to his lower extremities. The male was conscious but incoherent. Officers immediately began to render aid. Although the male was in a very critical state, he began to get violent with officers. Officers had to hold the male down to administer pressure and gauze onto the wounds to stop the bleeding. The Strongsville Fire Department arrived and quickly loaded the male into the squad. The paramedics used several lifesaving procedures while enroute to the hospital to keep the male alive. It was later learned that the male had used LSD and threw himself through the upstairs window, landing on the grass below. It was evident that without the officers' lifesaving aid, this young man would not have survived.

Compassion Award: Ptl. Zaki Hazou

The Strongsville Patch newspaper recognized officer Zaki Hazou for going above and beyond. A resident in our community wrote the Patch News to recognize Zaki for saving her son's life several times. Quality of Service Award: Custodian Staff Alan Kurilich & Jim Allen:

Never before has cleanliness meant more than during the Covid-19 pandemic. Maintenance personnel Alan Kurilich and Jim Allen definitely stepped up in the wake of the pandemic. The station has always been in great shape because of their efforts. However, they have gone above and beyond in their efforts to keep the station disinfected and germ-free. Too often, work like theirs goes unnoticed and underappreciated. Indeed, they are our front line when it comes to maintaining a healthy workforce.

Citizen Award: Ayed Farah:

On October 12, Ptl. Ryan Young responded to SouthPark Mall to assist with a shoplifting in progress call. Ofc. Iorillo put out a description of the suspect and his last known location. Ofc. Young spotted the suspect male walking towards center court from Macy's. As Ofc. Young started to close the distance with the male. He looked back and saw Ofc. Young. At this time, the male took off in a full sprint towards the exit doors. Young gave chase, continually yelling for the male to stop. Young's commands alerted some of the shoppers of the foot pursuit in progress. The male continued running down the North corridor towards the exit. At this

time, a mall patron, Ayed Farah, took it upon himself to intervene. Ayed stepped directly in front of the fleeing suspect, forcing him to change direction. However, Ayed was determined to prevent the suspect from getting away and took the suspect to the ground, where he held him until the officer completed the arrest. The suspect had six entered warrants, some of which were entered with caution.

Ayed was under no obligation to assist but displayed great character and selflessness by putting himself in harm's way to come to the aid of a police officer.

Strategic Plan

In order to maintain the delivery of first-rate police services to our community, it is important to take an organized approach in adapting to changing conditions and meeting new challenges. Therefore, the command staff of our agency solicits input, conducts research and meets to review and update our Strategic Plan – a process that began in 2011. Objectives in this plan have strategies that may continue in subsequent years. We continue to add and remove objectives to this multiyear plan to enable our agency to stay current with the changing trends nationwide and locally within our community.

Strategic Planning, as used for our purposes, is the comprehensive formulation of a broad-based plan designed to guide the activities of all members of the police department toward the accomplishment of a set of goals. These goals are realized through the implementation of specific objectives and strategies assigned to appropriate individuals with the necessary talent/skills, authority and resources to ensure success.

Many of the objectives listed in the plan do not directly relate to calls for service. Rather, they will target our activities during non-directed time. We consider success achieved during this time to be the greatest measure of our efforts. Such success must be measured by defined outcomes.

Some of the goals and objectives will have a concrete beginning and end. Others may have a definitive beginning, but by their nature will be ongoing practices seeking continued improvement without the need for a definitive end point. Additionally, the objectives should not be looked upon as “fixed” efforts, but rather as flexible attempts that can be modified or expanded upon as necessary in the future.

The goals outlined in this plan are ambitious. Failure to attain every goal or every objective should not be seen as the department somehow falling short of the plan’s intentions. Some of the goals or objectives may be re-prioritized due to the changing demands of society. Others may be found to be too resource-intensive, offering a diminishing return for the effort invested. When this happens, new more realistic objectives will be substituted with an eye toward the effective accomplishment of our stated goals.

Throughout the implementation of the Strategic Plan, it was important that we stayed true to our department’s Mission and Vision statements as well as our Core Values which can be found on the previous

pages. Most importantly, while our strategic plan is a changing document, our Values, Mission, and Vision statements are not! We believe that as you review the plan you will agree that we were successful on this goal.

The Seven Overriding Strategic Goals of the Plan are:	
1	Reduce Crime
2	Improve Traffic Safety
3	Reduce Distribution of Illegal Drugs and the Impact of Illegal Drugs in our Community
4	Strengthen Response Capabilities to Critical Incidents and Large Scale Disasters
5	Strengthen Partnerships with the Schools and Community
6	Improve Efficiency of Resource Management and Use of Technology
7	Manage Risk / Improve Officer Safety and Wellness

It is the intention of this plan to work toward the achievement of our goals through the implementation of the outlined objectives and strategies which can be defined as follows:

GOALS – The overall needs or shortfall to be addressed. Not specific in nature, rather, they identify a serious issue which objectives and strategies will be designed to correct.

OBJECTIVES – Specific targets or programs designed to meet the needs which were identified through the development of the goals.

STRATEGIES – Specific actions calculated to achieve objectives. The strategies identify personnel responsibility as well as the necessary steps to achieve objectives.

STRATEGIC GOAL #1: REDUCE CRIME

The reduction of crime through a variety of control strategies will always be a principle goal of our agency. We will target criminal activities that threaten the quality of life within our community and those that live, travel or establish businesses here. This can be done not only through professional response, investigation and prosecution for crimes already committed, but also through crime prevention and control strategies. Our plan prioritizes self-initiated patrol intervention based on focused intelligence information and strategies.

STRATEGIC GOAL #3: REDUCE DISTRIBUTION OF ILLEGAL DRUGS AND THE IMPACT OF ILLEGAL DRUGS IN OUR COMMUNITY

Because illegal drugs are related to such a large percentage of other crimes and they have such a destructive effect, all law enforcement agencies must join forces to fight the problem. Our use of K-9 teams, intelligence efforts and participation in undercover and regional strike teams will help us do our part. In addition, we will work with the community to develop alternatives for those struggling with addiction.

STRATEGIC GOAL #6: IMPROVE EFFICIENCY OF RESOURCE MANAGEMENT AND USE OF TECHNOLOGY

Fiscal responsibility must be incorporated into every facet of our operation. This means not only a conservative approach and attention to detail in budget issues, but also a commitment to work “smarter.” Using technological advancements to deliver intelligence information will allow greater results with fewer resources. Attaining many of the goals and objectives contained elsewhere in this report will depend on our ability to manage resources and use technology effectively.
