

A special thanks to
the Strongsville
Rotary Club for our
beautiful building!

The Safety Town staff would like
to thank all our major contributors
who made Safety Town possible.

This brochure was created
in collaboration with

Child Drop Off / Pick Up Procedure

On the 1st day you will come into the classroom with your child, thereafter you will drop off your child at the double gate and their volunteer will walk them into the building. At the end of the first day, your child's volunteer will introduce themselves to you so they will know who will be receiving the child each day. In the event you will not be able to pick up your child or your child is involved in a car pool you must let the person picking up know what safety sign table that your child is assigned too.

Following these procedures will help ensure the safety of the children and keep order. Thanks for your help!

Strongsville
Safety Town

A Parents' Guide to:

Strongsville Safety Town

Conducted by:
Strongsville
Police
Department

Designed to help
children understand the
importance of safety in
their lives.

Welcome to Safety Town!

Safety Town is designed to help children gain a better understanding of the importance of safety in their own lives. Safety Town is a Strongsville Police Department program. Safety Town is not mandatory prior to entering kindergarten, but is an excellent opportunity for the children to explore their community through class activities and field trips while learning important safety precautions.

This is a general overview of the skills your child will be learning at Safety Town. We believe that the job we are doing here at Safety Town is important and vital in teaching your child to become a more responsible young person. We also believe that your child would benefit even further from our program if you as a parent could help enforce the safety lessons at home.
