REGISTRATION AND POLICIES

- For all sessions of a brochure (Winter, Summer, Fall) the first session of the lessons will open to members then resident/non-members and finally non-resident/non-members per the dates set in the brochure. Subsequent sessions of that brochure season open on the last day of current session for those with report cards (Changing of times or dates will not be honored until after those with report cards for the current class have had a chance to register. Exceptions may be for leveling up from level 3 or parent/youth. The times may not match for next level); for those without report cards, online registration begins at 9:30pm the last day of class and in-person/phone registration begins the following day.
- Refunds can be requested up to 7 days prior to the start of class without question. After that no refunds will be given. Participants take the risk of schedule changes or changes in health.
- If the class is full, you may ask the front desk staff to add your name to the CURRENT waiting list.
- If your child has any special needs, it would be helpful if you would inform the instructor/Aquatic Supervisors, before the first day of class, so they can better work with your child.

AQUATIC WAIT LIST

The main purpose of the wait list book is to determine if there is a need to add additional classes. On occasion if there are openings in classes, or if we have the ability to add additional instructors, we will call those who have their name in the wait list book.

- Having a name on the wait list does not guarantee that you will receive a phone call or a spot in a class.
- It is your responsibility to call the front desk at the end of a session to see if any spots have opened up. Many times children are transferred to other classes or decide not to take a class which results in spots becoming available. The aquatic supervisors will not check the wait list until a few days before the start of a new session with the intent of trying to fill spots that are still open.
- Please be aware that when phone calls are made to those on the wait list, registration is on a first come basis no matter what number you are on the wait list. This is only a courtesy call letting you know that at that particular time, there are openings in the class if you still wish to sign up. It does not mean that a spot is being held for you and the spot(s) may be filled by the time you call back.
- It does not mean that a spot is being held for you and the spot(s) may be filled by the time you call back.

SPEAK UP SKILLS SERIES

The classes focus on enhancing effective communication for individuals with low vision. This course, titled "Get Out of the House, Get Involved," was developed by Hannah Fairbairn, author of *When You Can't Believe Your Eyes*, who also developed the earlier courses. The class addresses issues that prevent visually impaired seniors from participating in social events with family, friends, and communities due to difficulty communicating because of not seeing faces or body language and other non-verbal cues along with barriers like impaired reading skills, transportation issues, and concerns about safe mobility. The class consists of four sessions, each focusing on practical skills to help participants remain active and engaged in various aspects of life. Topics include staying involved in family events, socializing with friends, and actively participating in community groups, classes, and service projects, all while navigating vision loss. There is no need for individuals to have attended earlier classes in the series. **Registration required.**

TEN PLAGUES OF EGYPT:**BIBLICAL MIRACLES, SCIENTIFIC PERSPECTIVE**

The Ten Plagues of Egypt are familiar to most; blood in the Nile, frogs on the land, swarms of insects, etc. They are attributed to the wrath of God for enslaving the Israelites. Yet our 21st century understanding might point to more natural geological phenomena. If true, was there less divine intervention and more divine *timing*? We will also explore what symbolic meaning each of the miracles adds to the history of the events and how we might interpret them today. Seven Week Session. **Registration required.**

The Wit and Wisdom of JFK by Bev Sadowski

John F. Kennedy's brief presidency represented a time of abiding hope and inspiration, despite the Cold War and its looming specter of thermonuclear exchange. His repeated references in so many speeches to "our children" and "future generations" illuminated President Kennedy's exceptional visionary approach to both domestic and national policies. The words, actions, and style of JFK provide a window into why he continues to be regarded as one of the most admired presidents of the modern era. We should not fail to recall a time when the spoken words and outward demeanor of a United States president portrayed so powerfully to the worldwide community the best that America had to offer. This presentation will focus on the intellect and humor of the 35th president, illustrating why his presidency came to hold such an exalted position throughout the world during his lifetime and beyond.

Although Hitchcock had been making cameo appearances in his films since 1927, the first time most people heard his voice was on the evening of October 2, 1955, when he introduced the first episode of Alfred Hitchcock Presents. We will begin with a brief introduction and then view the full half-hour episode. After the screening, we will share our reactions.

Webinar: Finding My Way with Nobel Peace Prize Laureate Malala Yousafzai

You are invited to join us to hear from Nobel Peace Prize Laureate Malala Yousafzai about her astonishing memoir, *Finding My Way*. Malala reintroduces herself to the world, sharing how she navigated life as someone whose darkest moments threatened to define her narrative—while seeking the freedom to find out who she truly is.

Thrust onto the public stage at fifteen years old after the Taliban's brutal attack on her life, Malala Yousafzai quickly became an international icon known for bravery and resilience. But away from the cameras and crowds, she spent years struggling to find her place in an unfamiliar world. *Finding My Way* is a story of friendship and first love, of anxiety and self-discovery, of trying to stay true to yourself when everyone wants to tell you who you are. In it, Malala traces her path from high school loner to reckless college student to a young woman at peace with her past. Through candid, often messy moments like nearly failing exams, getting ghosted, and meeting the love of her life, Malala reminds us that real role models aren't perfect—they're human.
