In accordance with the provisions of Ordinance No. 1998-46, passed July 27, 1998:

A petition for rezoning shall be accompanied by the following:

1. Nine (9) copies of a completed Property Description on a form provided by the Clerk of Council, which shall include permanent parcel number(s), acreage, address and such other information regarding the property which is the subject of the petition as requested on the form;
2. Nine (9) copies of a legal description and nine (9) copies a map or plat of the property which is the subject of the petition prepared by a registered surveyor and reduced to size 8-1/2"x11" (standard paper size);
3. Nine (9) copies of evidence of ownership of the property which is the subject of the petition;
4. One (1) certified list of the property owners of record, and their mailing addresses in all directions from the subject property for a distance of 500 feet, prepared by a title insurance company as defined in R.C. §3953.01(C) dated no more than 15 days prior to filing of the petition with the Clerk of Council;
5. Nine (9) copies of such other documentation or evidence supporting the petitioner's reasons for the requested rezoning which the petitioner desires the Council and the Planning Commission to consider; and
6. A non-refundable fee in the sum of One Hundred Dollars (\$100.00), plus an amount equal to the current cost of regular mail postage times the number of owners on the certified list filed with the petition, plus an amount equal to the Clerk's estimate of the cost of publication as required by C.O. §1244.03.

Procedure:

Upon receiving the aforementioned documents, the Clerk of Council will forward Petition for Zoning Change and supporting documents to the City Engineer, who will ascertain that the legal description provided is accurate. Documents will then be forward to the Law Department for preparation of an ordinance proposing to change the zoning of the property.

The Clerk of Council will assign an ordinance number and place the ordinance on a council meeting agenda. At the initial meeting, the ordinance will be placed on first reading and referred to the Planning Commission for its report and recommendation on the proposed zoning change. The ordinance is also referred to the Council's Planning, Zoning and Engineering Committee.

After Planning Commission considers the Ordinance and submits its report and recommendation thereon back to Council, the Clerk will place the ordinance on the next Council agenda for a second reading and will schedule a public hearing date for the ordinance. The public hearing must be advertised for two consecutive weeks in a newspaper of general circulation in the city, the first of such advertisements to be published not less than thirty (30) days prior to the scheduled public hearing date. The Council Clerk will publish the advertisement.

The public hearing will take place at a regular council meeting. The petitioner should be present at the public hearing in order to explain the proposal to rezone and answer any questions put forth by the Council and/or the general public. Generally, so that Council members have an opportunity to digest and weigh any comments made during a public hearing, it is Council's policy to not vote on the proposed zoning change on the same evening that it is publicly heard. The chairman of Council's Planning, Zoning and Engineering Committee will determine when the legislation will go before Council for a vote* on the proposed zoning change.

* Note: In accordance with the provisions of the City Charter, Article VIII, Section 5, and Article VIII, Section 6(a), any application for zoning or rezoning of land TO Shopping Center use, **OR** any petition to change the zoning classification FROM R1-75 or R1-100 TO ANY OTHER CLASSIFICATION must go before the electors of the City of Strongsville for a vote.
