REGISTRATION SCHEDULE

Tuesday, November 8: Ehrnfelt Rec Center Members

Tuesday, November 15: Strongsville Residents & Members *(must show proof of residency such as utility bill)*

Thursday, November 17: Open/On-line registration

REGISTRATION AND POLICIES

- Individuals may enroll in any open class listed in the brochure. Registration for all sessions (except first session of a season) will open on the last day of current session.
- Refunds can be requested up to 7 days prior to the start of class without question. After that no refunds will be given. Participants take the risk of schedule changes or changes in health.
- If the class is full, you may ask the front desk staff to add your name to the waiting list.
- If your child has any special needs, it would be helpful if you would inform the instructor/Aquatic Supervisors, before the first day of class, so they can better work with your child.

AQUATIC WAIT LIST

The main purpose of the wait list book is to determine if there is a need to add additional classes. On occasion if there are openings in classes, or if we have the ability to add additional instructors, we will call those who have their name in the wait list book.

- Having a name on the wait list does not guarantee that you will receive a phone call or a spot in a class.
- It is your responsibility to call the front desk at the end of a session to see if any spots have opened up. Many times children are transferred to other classes or decide not to take a class which results in spots becoming available. The aquatic supervisors will not check the wait list until a few days before the start of a new session with the intent of trying to fill spots that are still open.
- Please be aware that when phone calls are made to those on the wait list, registration is on a first come basis no matter what number you are on the wait list. This is only a courtesy call letting you know that at that particular time, there are openings in the class if you still wish to sign up. It does not mean that a spot is being held for you and the spot(s) may be filled by the time you call back.
- It does not mean that a spot is being held for you and the spot(s) may be filled by the time you call back.

ALTERNATIVE SWIM WEAR

For the safety, health and welfare of all members and patrons, proper swim attire is required. Proper swim attire is required when using all of the pools, steam room, sauna and spa in the Aquatic Center, including participation in Learn-to-Swim classes. The following are prohibited:

- Clothing worn for workout or other purposes prior to using the Aquatic Center.

Questions concerning proper swimwear should be addressed with the Aquatic Center personnel.

LEARN TO SWIM RULES

Swim Participants and their parents must adhere to the rules of the Aquatic Center and the following rules specific to Learn to Swim.

These gentle movements can improve balance, naturally boost one's energy, mental focus, and flexibility. There is individualized instruction within the group setting; you progress at your pace and ability. The movements can be tailored to your body type and condition. Good health comes from good circulation. By gently working the range of motion of the joints, the flexibility of the ligaments and surrounding tissues, the body is able to get circulation everywhere it needs to go. Millions of practitioners in the US and China have balanced chronic conditions such as asthma, arthritis, diabetes and fibro-myalgia through practice.

THE NATURE OF SUFFERING

Why do we suffer? Is there a use or point to it, or a terrible aspect of life? Philosophers and spiritualists have suggested answers that seem untenable as few can follow the solutions; or perhaps humanity *likes* to suffer? Job appears to challenge God on the subject, experiencing hell on earth without losing his faith. The journey takes him to the depths of his consciousness, confronting and finally reconciling the rejected aspects of his soul.

A GIFT OF TIME

Both science and spirituality converge to tackle the questions of time. Why are we moving through the flow of time? Why forward and not back? What would existence be without it? What has science discovered about the true nature of time versus our human perception of it? Recent scientific discoveries give us insight into why we should consider this precious commodity to be one of God's greatest gifts to humanity.
