

COVID19 PLAY IT SAFE VOLLEYBALL GUIDELINES

In addition to following the guidelines issued by the State of Ohio for safe operations, Strongsville Recreation Volleyball will implement these guidelines for the Fall 2020 season:

- (1) Symptomatic individuals, and individuals with symptomatic household members, are NOT permitted to enter the facility. It is critical that all staff, volunteers, players, and their guests follow these guidelines to the utmost degree. In the event you or a member of your household experiences symptoms that COULD BE associated with COVID19, it is required that no member of the household enter the facility for AT LEAST 72 HOURS after the cessation of ALL SYMPTOMS. In the event that a player, OR ANY MEMBER OF A PLAYER'S HOUSEHOLD, does test positive for COVID19, the player and/or player's parents are REQUIRED to notify the Rec of such event via email to jason.keppler@strongsville.org, and the player shall not return to facility for training or competition for a minimum of fourteen (14) days, and only after a verified negative COVID19 test.
- (2) Hand Sanitizer will be available at each court; ALL participants will be REQUIRED to use between every set during ALL COMPETITIONS (youth or adult) and reasonably frequently during training sessions.
- (3) Game balls will be switched out each set and replaced with a newly sanitized ball. **No outside balls will be permitted to be brought into or used in the facility for competition.**
- (4) Due to limited spacing spectators will not be allowed during games and practices.
- (5) Anyone entering the facility must have their temperature taken at the front desk upon entering. If an acceptable temperature cannot be captured that party may not enter the building.
- (6) EVERYONE MUST WEAR A MASK ENTERING AND EXITING THE FACILITY. PLAYERS ARE THE ONLY ONES ALLOWED TO REMOVE THEIR MASK AND CAN DO SO ONLY WHILE PLAYING IN THEIR MATCHES AND PRACTICING.
- (7) All non-participants and guests must observe mandatory social distancing (6 foot+ separation) at all times. All participants shall observe social distancing to the extent possible and STRICTLY follow a no physical contact rule (i.e., no high fives, no hugs, no shaking hands after matches).
- (8) Before games, each team will only be permitted to use one ball to warm-up. During warm-ups players CANNOT practice serving over the net. Once warm-ups are completed the ball must be wiped down.
- (9) Coaches must disinfect the balls every 10-15 minutes during practice.
- (10) Teams cannot scrimmage other teams during practice. Scrimmages can only occur intra-team.
