WHEREAS, Siedel Land Holdings, LLC is the owner of certain property located in the City of Strongsville; and

WHEREAS, Siedel Land Holdings, LLC (hereinafter referred to as "Developer") is desirous of developing certain lands known as **SIEDEL FARMS SUBDIVISION NO. 3**, as the same were approved by the City's Planning Commission on November 7, 2013; and

WHEREAS, the Council of the City has adopted subdivision regulations consisting of Title Four of Part Twelve of the Planning and Zoning Code of the Codified Ordinances of the City, which establish requirements for the submission, approval, construction and dedication of subdivision improvements; and

WHEREAS, said subdivision regulations provide at Section 1228.03 of the Codified Ordinances that no plat for record shall be approved for record purposes until the improvements required by Section 1228.01 of the Codified Ordinances (hereinafter "improvements") have been installed, or until Council approves an agreement and a form of security which assure that the cost and expense of all improvements are available to the City for the completion of such improvements in the event that the Developer defaults or otherwise fails to perform Developer's commitment to complete such improvements; and

WHEREAS, Developer has agreed to pay for the installation and completion of the aforesaid improvements and comply with and abide by all the terms and conditions established by the Planning Commission, as set forth in this Agreement, and contained in the applicable law, and the receipt of which is hereby acknowledged.

**NOW, THEREFORE**, in consideration of the aforesaid premises and other good and valuable consideration, the receipt of which is hereby acknowledged, Developer and City do hereby mutually covenant and agree as follows:

#### I. IMPROVEMENTS, SECURITY, ACCEPTANCE AND DEDICATION.

1. Developer shall convey or dedicate to the City all the public streets, alleys, roads, avenues, drives and public ways in the Subdivision known as Siedel Farms Subdivision No. 3, approved by the City's Planning Commission on November 7, 2013.

- 2. Developer shall convey or dedicate to the City or other appropriate public entity or public utility all public sewers, water lines and other public utilities and improvements constructed or caused to be constructed on the aforementioned streets, alleys, roads, avenues, drives and public ways in said Subdivision, and shall grant easements and rights-of-way to said entities as may be required.
- 3. Developer shall construct or enter into a contract for the construction of the improvements required in the aforesaid Subdivision, as approved by the City Engineer on November 7, 2013, in accordance with the terms of this Agreement, the General Requirements herein, and the Subdivision Regulations of the City and shall pay the total cost thereof. Developer shall complete all street pavements, curbs, sidewalks, sanitary sewer systems, storm drainage systems, water mains, and other utilities to be constructed in public rights-of-way on or before December 31, 2014; unless said time(s) is or are extended by the Council of the City. Such time extension(s) may be granted so long as City Engineer determines that delays in construction are not the result of the actions or inactions of the Developer and that Developer is making reasonable efforts to complete said improvements. Such extension(s) shall not be unreasonably withheld.
- 4. Any and all of the work performed as hereinabove provided shall be done subject to the approval of and inspection by the City Engineer.
- 5. In order to secure the performance of this Agreement and all the aforesaid work in accordance with the standards established in the Subdivision Regulations and the completion of such work within the time period(s) established herein, Developer herewith deposits with **DOLLAR BANK**, **FSB**, a financial institution located at 1301 Ninth Street, 9<sup>th</sup> Floor, Cleveland, Ohio 44114 (hereinafter referred to as "Escrow Agent") the total sum of **\$814,000.00** (hereinafter referred to as the "improvements security funds") to be held in escrow in accordance with the Escrow Agreement attached hereto and incorporated herein as Exhibit A and subject to the following terms:
  - A. Escrow Agent shall deposit and/or invest the improvements security funds in the following accounts, and/or investments which the City is authorized to utilize by law, subject to the approval of Developer, which shall not be unreasonably withheld:
    - (1) Interest-bearing accounts of **DOLLAR BANK, FSB,** payable or withdrawable, on demand.
    - (2) Direct obligations of the United States maturing or redeemable on or before the date for completion established in accordance with Paragraph 3 above.
    - (3) Certificates of deposit maturing or redeemable on or before the date for completion established in accordance with Paragraph 3 above.

- B. Escrow Agent is authorized to deliver or disburse the improvements security funds or any part thereof with any additional funds including interest earned on the aforesaid sum less any and all fees or penalties arising from the deposit or investment to the Developer as follows:
  - (1) Only upon receipt of all of the following items or a letter from the City Engineer or other authorized City official confirming that all of the following items have been received by the City or otherwise satisfied, shall the Escrow Agent deliver or disburse all or the remainder of the improvements security funds:
    - (a) The certificate of the City Engineer that all improvements have been installed in accordance with the requirements of the subdivision regulations of the City and with the actions of the Planning Commission;
    - (b) Evidence of receipt by the City of a maintenance bond securing the maintenance and repair of the improvements for a period of two years in a form approved by the Law Director;
    - (c) A policy of title insurance in form approved by the Law Director covering all lands to be dedicated to public use and showing title to the same to be in the City free and clear of any easements, taxes, mortgages, liens, assessments or other encumbrances of any kind whatsoever except the easements required by the Subdivision Regulations of the City and taxes not yet due and payable, or a certificate from the City Engineer acknowledging receipt of same;
    - (d) Evidence of Deposit by the Developer with the City or the Escrow Agent of a sum sufficient to pay all taxes and assessments which are a lien but not yet due and payable; and
    - (e) A copy of legislation duly adopted by the Council of the City accepting the dedication or conveyance of all lands and improvements required to be dedicated or conveyed by this Agreement, certified by the Clerk of Council to be a true and correct copy of the original.
  - (2) Upon receipt of certification by the City Engineer of the satisfactory completion of a portion of the aforesaid improvements, and upon a determination by the City that all remaining uncompleted improvements are adequately secured, the Escrow Agent shall release a portion of the improvements security funds deposited equal to an amount estimated by the City Engineer to be the cost of that portion of the

improvements completed, or the difference between the total sum on deposit and the total sum determined by the City to be necessary to secure the completion of all remaining uncompleted improvements and all other obligations of Developer under this Agreement, whichever may be less.

- C. The Escrow Agent is authorized to deliver or disburse to the City all or any part of the improvements security funds as determined by the City Engineer, plus any additional funds including interest earned on the aforesaid sums, less any and all fees or penalties due arising from the deposit or investment upon Escrow Agent being notified by the City of an occurrence of one or more of the following events:
  - (1) If the Developer assigns this Agreement, or any interest therein to any person, firm or corporation, or gives to any person, firm or corporation, any order or orders thereon;
  - (2) If the required improvements shall violate building subdivision or zoning laws of the City;
  - (3) If the land within the development area as identified on the subdivision plat approved for record purposes is used for any unlawful purpose, or is occupied for other than dwelling purposes, or for any purpose without the approval of the appropriate administrative official, board, or commission of the City;
  - (4) If the improvements are not fully constructed by the completion date(s) established in paragraph I. 3. above, or by any extension date approved by Council pursuant thereto.
  - (5) If the improvements in the judgment of the City Engineer are materially injured or destroyed prior to acceptance by the City, and no insurance or other provision acceptable to the City is made for prompt replacement or repair of the same at no cost to the City.
  - (6) If the Developer fails to construct the improvements in accordance with plans and specifications that have been approved by the proper City authorities having charge thereof;
  - (7) If the Developer does not permit the City or its authorized agents or employees to enter upon and inspect the same in every part at all reasonable times;
  - (8) If the Developer shall commit an act of bankruptcy or if any relief under the Bankruptcy Act is sought by or against Developer, or if a receiver is appointed to take charge of the assets or affairs of the Developer or if Developer should become insolvent.

Prior to the delivery or disbursal of improvements security funds under this paragraph I.5.C., the City shall provide written notice by personal, or mail delivery to Developer of the grounds therefor, and shall establish and notify Developer of a time period within which Developer shall be afforded an opportunity to correct or cure the circumstances giving rise thereto. Such time period for correction or cure shall be no less than forty-five (45) days, unless the City Engineer determines that immediate work is required to protect the public health, safety and welfare, in which case such time period shall be as established by the City Engineer.

- D. The Developer and the City agree that any interest earned on the improvements security funds shall be disbursed to the same parties, at the same time, and in the same proportion as the principal.
- E. In the event of any dispute under this Agreement, Developer and City agree that City and the Escrow Agent shall disburse the improvements security funds in accordance with a final judgment entered in a court of law determining legal entitlement to such funds. Such a judgment will not be considered final until appellate review sought by either or both of the parties with respect to their legal entitlement to such funds has terminated.

Upon the proper completion of all improvements and their approval by the City Engineer, and if said improvements then comply with all present state laws, City ordinances and Planning Commission rules, regulations and requirements, and all other subdivision regulations of the City have been complied with, the City will then accept the aforesaid improvements.

#### II. GENERAL REQUIREMENTS.

- 1. Developer's application(s), all maps on file, construction plans, detail maps and state laws, present City ordinances, Planning Commission rules, regulations and official acts with respect to this Subdivision and all the terms and conditions of final approval are incorporated herein by reference as if set forth at length, except as expressly modified herein.
- 2. Prior to proceeding with the work, the Developer will apply for and secure permit(s) and pay all fees as required by the City ordinances.
- 3. The Developer agrees that if any drainage easements are necessary to insure adequate drainage of the tract, the same shall be obtained by the Developer at its sole cost and expense. All of such easements which are necessary for the drainage in the tract shall be procured in the name of the City, it being understood that same shall be held until acceptance of the streets by the City, after which same will be recorded in the City's favor. The taking of such easements shall not be construed as

the exercise of dominion and control by the City over said streets until such time as they are formally accepted.

- 4. The Developer agrees that if during the course of construction and installation of improvements it shall be determined by the City Engineer that revision of the drainage plan is necessary in the public interest, it will undertake such design and construction changes as may be reasonable and are indicated by the City Engineer and approved by the City.
- 5. Developer shall defend, indemnify and hold harmless the City and its officials, employees and agents, and their respective heirs, successors, personal representatives and assigns, from and against any and all suits, legal or administrative proceedings, claims, demands, actual damages, punitive damages, losses, costs, liabilities, interest, attorney's fees and expenses of whatever kind and nature, in law or equity, known or unknown, based upon, resulting from or arising directly or indirectly out of the condition, status, quality, nature, contamination or environmental state of the Developer's Property until such time as all environmental laws, regulations, orders and directives are complied with.
- 6. The Developer hereby agrees to procure, at its expense, the necessary permits and furnish any bond required for the opening of any state or county roads.
- 7. Developer agrees that prior to the issuance of any building permits within the subdivision, all street pavements, curbs, sanitary sewer systems, storm drainage systems, water mains and required appurtenances shall be completed and approved by the City Engineer, provided that the Building Commissioner may issue permits for "Model" home(s) or unit(s) upon his determination that improvements have been installed to the extent he deems necessary to serve and permit occupancy of such home(s) or unit(s); and, except as otherwise provided for model home(s) and unit(s), prior to the issuance of any certificates of occupancy by the City, all improvements and utilities must be completed and all other applicable state and local requirements must be complied with.
- 8. The City shall not be responsible for road or other improvements, maintenance or care until the same are accepted for dedication, nor shall the City exercise any control over the improvements until accepted for dedication.
- 9. The Developer shall maintain, clean and snow plow such roads until acceptance by the City. In the event of default of these obligations by the Developer, the City without notice to the Developer may undertake the same at the expense of the Developer.
- 10. If the City determines that there is a violation of present state laws, City ordinances, Planning Commission rules, regulations and requirements, subdivision regulations, and/or terms and provisions of this Agreement, it may issue a stop work order.

This Agreement and the covenants contained herein shall run with the 11. land, and shall inure to the benefit of the City and its successors and assigns.
